LANCASTER, PA.

In the Garden Spot of America where Plants Attain Perfection

LANCASTER "RED ROSE CITY" DOZEN

Through years of testing in various normal soils, the twelve varieties listed below have proved themselves eligible to be named in honor of Lancaster, the "Red Rose City." They are all superlatively healthy and vigorous in growth, hardy and resistant to Rose ills, and should bloom from June until frost.

BARR OFFERS ONLY STRONGEST- GROWING ROSES KNOWN

Guaranteed to Bloom or Money Refunded

Varieties of Roses which we consider best for the average planter, considering strength of growth, freedom from disease and insects, abundance of large, beautiful blooms, will be found listed in this Catalog.

These are the cream of the several thousand varieties known to the flower industry. They include the most indispensable of the time-tested standard varieties and what we consider the best of the new, patented offerings.

You will have the fullest degree of pleasure in planting any of the varieties listed, for Barr's "Will Grow" Roses are guaranteed to grow and to bloom the first season, or will be replaced free.

*Full planting and cultural directions furnished
with each order*

QUALITY ROSE PLANTS a Leading Specialty

ORDER EARLY to receive your plants in time to plant at the earliest date your soil is in condition to set them out.

SHIPPING CONDITIONS. We begin shipping dormant plants about March 10, weather permitting. If a preferred date of delivery is marked on your order you will be assured of receiving your plants when you want them; otherwise orders are filled in the same sequence as received. All dormant plants are sent Parcel Post prepaid.

FOR LATE PLANTING. After May 10 we can supply potted Rose plants ready to put out in your garden in bud and full leaf. For these pot-grown plants add 20c each. All potted plants are sent Express Collect.

MME. COCHET-COCHET. Pat. 129
\$1.00 each; 3 for \$2.50

GORGEOUS, FREE-FLOWERING, TESTED STANDARD HYBRID TEA ROSES

(Monthly or Everblooming Varieties)

RESELECTED FIRST-SIZE FIELD-GROWN PLANTS, 2 YEARS OLD

Better Times. Pat. 23. Flowers large, double, deliciously fragrant; brilliant cerise-red; long, strong stems; buds long. \$1.00 each; 3 for \$2.50.

California. Pat. 449. Ruddy orange toned with saffron-yellow. Very large flowers, 5 to 6 inches across. Vigorous plant with healthy foliage. (Illustrated in color.) \$1.50 each; 3 for \$3.75.

Charlotte Armstrong. Pat. 455. Blood-red pointed buds; magnificent, long-stemmed, open flower, cerise in summer heat; richly fragrant. Very prolific and a continuous bloomer. Disease-resistant foliage. An All-America Rose. \$1.50 each; 3 for \$3.75.

Christopher Stone. Scarlet-crimson, well sustained; vividly colored new Rose with old-Rose perfume. \$1.00 each; 3 for \$2.50.

Condesa de Sagato. Two-toned; coppery red inside, golden yellow outside; delightfully fragrant. Free-blooming, vigorous variety. (Illustrated in color.) \$1.00 each; 3 for \$2.50.

Countess Vandal. Pat. 38. Lovely coppery pink and golden, extra-long, pointed buds. A continuous "movie" developing new beauty at all times during its long life. (Illustrated in color.) \$1.00 each; 3 for \$2.50.

Crimson Glory. Pat. 105. Large urn-shaped buds opening into well-formed flowers of intense deep vivid crimson, shaded oxblood-red; soft, velvety nap. (Illustrated in color.) \$1.25 each; 3 for \$3.15.

Dicksons Red. Pat. 376. Glowing scarlet-red, rich in fragrance. Very rugged, defying hottest sun's rays. Awarded Gold Medal by National Rose Society of England 1939, and First Award "All-America Rose Selections." \$1.25 each; 3 for \$3.15.

Dorothy James. A large, two-toned Rose. It opens from an ovoid carmine-rose bud to a great 50-petaled bloom of soft peach-pink. A dependable all-summer bloomer. Disease-resistant foliage. \$1.25 each.

Eclipse. Pat. 172. International sensation; awarded prizes in Rome, Paris, etc. Long stream-lined buds are rich gold without shading. Strong upright plant with healthy dark green foliage. Gold Medal winner. (Illustrated in color.) \$1.25 each; 3 for \$3.15.

Edith Nellie Perkins. Long-pointed, rich orange-pink buds, opening salmon-pink with golden underglow; very fragrant. \$1.00 each; 3 for \$2.50.

Editor McFarland. Deep pink. Flowers large, on long stems. Vigorous grower. \$1.00 each; 3 for \$2.50.

Etoile de Hollande. Brilliant scarlet, fragrant flowers of large size, a constant joy as it is a continuous bloomer. One of the best reds. \$1.00 each; 3 for \$2.50.

Gloaming. Pat. 137. Large urn-shaped buds on long stems. Ideal for cutting. Flowers soft, satiny pink, with underlying shades of orange. Fragrant. \$1.25 each; 3 for \$3.15.

Good News. Pat. 426. Splendid, strong-growing, healthy plants with a profusion of nicely formed blooms of lovely peach-color with silvery pink outer petals. The most important of all the new Roses. Fragrant. (Illustrated in color.) 60 petals. \$1.50 each; 3 for \$3.75.

Heart's Desire. Pat. 501. Rich deep scarlet flowers on strong, upright stems. Delightfully fragrant. Highly recommended. \$1.50 each; 3 for \$3.75.

Hector Deane. Pat. 361. Crimson buds stained with orange, open to deep satiny pink flowers with an orange base to each petal. Very fragrant. Strong, healthy plants. \$1.25 each; 3 for \$3.15.

Joanna Hill. Indian-yellow center surrounded by gold-buff petals; double, long lasting, moderately fragrant. \$1.00 each; 3 for \$2.50.

Kaiserin Auguste Viktoria. Creamy white, large blooms on long stems; fragrant; constant, majestic bloomer. \$1.00 each; 3 for \$2.50.

Margaret McGredy. Brilliant red petals on hinges of deep gold; buds upright; constant bloomer. Resistant to black-spot and mildew. Gold Medal winner. (Illustrated in color.) \$1.00 each; 3 for \$2.50.

Mary Margaret McBride. Pat. 537. This new Rose is particularly admired for its perfect form and floral grace. Pointed, deep pink buds; large, very double, high-centered, fragrant, exhibition flower. Vigorous grower. 1943 All-America Award. \$1.50 each.

McGredy's Scarlet. Rich, velvety scarlet with orange base. Fragrant, full, double flowers of good size. Free blooming. \$1.00 each; 3 for \$2.50.

McGredy's Sunset. Pat. 317. A beautifully formed flower with golden yellow tones, blushed with delicate orange and rich scarlet. Resistant to sun, hot weather, and disease. \$1.25 each.

McGredy's Yellow. Bright buttercup-yellow flowers, perfectly formed; undamaged by rains. Strong upright grower. Disease-resistant, glossy, dark bronzy foliage. \$1.00 each; 3 for \$2.50.

Mme. Charles Mallerin. Pat. 409. Very early blooming. Orange-colored flowers overlaid with flame. Slightly fragrant. (Illustrated in color.) \$1.50 each; 3 for \$3.75.

Mrs. Cochet-Cochet. Pat. 129. Soft salmon-pink with satiny sheen; buds long-pointed, coppery pink, flushed orange; fragrant. (Illustrated in color.) \$1.00 each; 3 for \$2.50.

Mme. Jules Bouche. Full, pearly white, camellia-like flower, tinged blush. Most dependable. \$1.00 each; 3 for \$2.50.

Mrs. Pierre S. du Pont. Most continuous-blooming yellow. Buds long pointed, rich reddish gold, almost orange in depths of petals. \$1.00 each; 3 for \$2.50.

Mrs. Sam McGredy. Glistening scarlet-copper-orange; deep red shadings. Fine form, double; fragrant. Graceful long-pointed buds. Disease resistant. \$1.00 each; 3 for \$2.50.

Pink Dawn. Glistening deep rose, opening to lovely pink, tinted orange at base of petals; well-formed; double; fragrant. Vigorous and prolific. \$1.00 each; 3 for \$2.50.

CONDESA DE SASTAGO. \$1.00 each; 3 for \$2.50

HYBRID TEA ROSES, continued

Paul's Scarlet Climber Rose

- Poinsettia.** Upright, Radiance-like plants with beautiful blooms of brilliant scarlet-red. They are fragrant and are close to perfection in form. One of the best of the new Roses. Fragrant. 28 petals. \$1.25 each; 3 for \$3.15.
- President Herbert Hoover.** Contrasting shades of maroon, orange and gold; continuous bloomer; exquisitely formed buds; strong stems. Three-time medal winner. (Illustrated in color.) \$1.00 each; 3 for \$2.50.
- President Macia.** The loveliest, longest of all pink buds open to great billowy blooms nearly 6 inches across. The color is silvery pink inside and sparkling pink outside marked with heavy veins. Fragrant. 25 petals. \$1.25 each; 3 for \$3.15.
- President Plumecocq.** Bud coppery yellow; flower large, double, brilliant apricot. Continuous bloomer. (Illustrated in color.) \$1.00 each; 3 for \$2.50.
- R. M. S. Queen Mary.** Pat. 249. Rich, glowing salmon blended with an exquisite pure pink; orange base. Glorious combination of vivid shades; delicately perfumed. Awarded 4 Gold Medals and 3 First-Class Certificates in Europe and U. S. A. \$1.25 each; 3 for \$3.15.
- Radiance.** Beautiful light silvery pink go salmon-pink. A dependable pink; large and fragrant. \$1.00 each; 3 for \$2.50.
- Red Radiance.** Beautiful deep red form of Radiance. \$1.00 each; 3 for \$2.50.
- Rex Anderson.** Pat. 335. Long-pointed, ivory buds; open rose is cream-white, several on each stem in rapid succession; delicately fragrant. Handsome, dark green foliage, resistant to diseases. Gold Medal winner. \$1.25 each; 3 for \$3.15.
- Rochester.** Pat. 131. Golden yellow with carmine markings. Foliage disease-resistant; growth vigorous. Always in bloom. \$1.00 each; 3 for \$2.50.
- Rome Glory.** Pat. 304. Large crimson-red buds opening into full, well-formed fragrant cerise-red blooms; long lasting. More winter-hardy than most Hybrid Tea. (Illustrated in color.) \$1.25 each; 3 for \$3.15.
- Roslyn.** Full golden yellow bloom deeper in center with orange splashing on back of petals. Very free bloomer. Lustrous foliage. \$1.00 each; 3 for \$2.50.
- Signora.** Pat. 201. Long bud of a warm burnt sienna with yellow base in brilliant contrast; double and fragrant. Prolific. \$1.00 each; 3 for \$2.50.
- Sister Therese.** Golden yellow, exquisite, long-pointed buds touched with orange-carmine. Vigorous, fine bloomer. (Illustrated in color.) \$1.00 each; 3 for \$2.50.
- Souvenir de Claudius Pernet.** Beautiful, pure sunflower-yellow, deeper in center; extraordinary yellow Rose. \$1.00 each; 3 for \$2.50.
- Sterling.** Pat. 21. Bright pink, splendidly formed; delightfully fragrant. Fine for cutting. (Illustrated in color.) \$1.00 each; 3 for \$2.50.
- The Doctor.** Large, semi-double, satiny pink flowers; intensely fragrant. Bushy, vigorous plant 1 1/2 to 2 feet tall. \$1.00 each; 3 for \$2.50.
- Talisman.** Brilliant orange-red buds, opening a glowing golden yellow tinted copper-red and orange-rose; large and fragrant. \$1.00 each; 3 for \$2.50.
- Texas Centennial.** Pat. 162. Blood-red toning to cerise-red in center. A most striking red of unusual color. Unusually vigorous. \$1.00 each; 3 for \$2.50.
- White Briarcliff.** Pat. 108. An absolutely pure white Hybrid Tea Rose. Dwarf habits, bushy plant. \$1.25 each; 3 for \$3.15.
- HARDY CLIMBING ROSES**
- Useful for covering porches, trellises, arbors, fences, walls and banks, making a superb display of bloom. Prune after flowering
- American Pillar.** Immense clusters of single, bright crimson flowers, with white eye. \$1.00 each; 3 for \$2.50.
- Blaze.** Pat. 10. Scarlet-red flowers in great profusion and under favorable conditions it repeats. \$1.00 each; 3 for \$2.50.
- Climbing American Beauty.** Rich carmine flowers, 3 to 4 inches across, in abundance. \$1.00 each; 3 for \$2.50.
- Doublons.** Pat. 152. Clusters of large, cup-formed, saffron-yellow blooms, opening one after the other, thus prolonging the season. \$1.00 each; 3 for \$2.50.
- Dr. J. H. Nicolas.** Pat. 457. Sensational ever-blooming Climber. Fully double rose-pink blooms, 5 to 6 inches across, and 3 to 4 blooms on each long, strong stem; rich, enduring fragrance. Extremely hardy; resistant to rose ills. \$1.50 each.
- Dr. W. Van Fleet.** Long-pointed, deep pink buds opening a lighter shade of pink; large and fragrant. \$1.00 each; 3 for \$2.50.
- Golden Glow.** Pat. 263. Flowers of Hybrid Tea formation. Fragrant, and hardy. The color is a pure bright yellow. \$1.00 each; 3 for \$2.50.
- King Midas.** Pat. applied for. Longest-blooming, hardy yellow climbing Rose. Tight buds and lovely 4-inch Hybrid-Tea-like flowers in clusters 4 to 6 inches across on strong stems. Disease-resistant; hardy and vigorous grower. \$1.50 each; 3 for \$3.75.
- Mary Wallace.** Brilliant, warm-pink; large and charming; early. \$1.00 each; 3 for \$2.50.
- Mme. Gregoire Staechelin.** Long-pointed crimson-buds, showing iridescent pearl-pink inside as they open; perfumed. \$1.00 each; 3 for \$2.50.
- New Dawn.** Pat. 1. The everblooming Dr. W. Van Fleet with which it is identical except that it blooms throughout the Summer and Fall. \$1.50 each; 3 for \$3.75.
- Paul's Scarlet Climber.** Vivid scarlet, shaded crimson; semi-double flowers in clusters borne in profusion. \$1.00 each; 3 for \$2.50.

Prepare your soil before you plant your roses. Never work a clay soil in a muddy condition.

A Friendly Word to our Patrons

The mailing of this, our 1944 catalog, indicates the beginning of a new gardening year. To those who have traded with us for years, we thank you for your favors in the past, and with confidence, solicit your patronage together with that of the new coming horticultural enthusiasts this coming planting season. The most priceless thing we have is your good will; in war times or in times of peace, which we will strive to merit.

We face a new year with confidence and with increasing evidence that victory is not so far in the distance.

The first consideration in your planting program is a victory garden, for the preservation of food, which can be made doubly enjoyable if surrounded with a border of flowering plants.

Planting and tending a garden builds morale, to say nothing of the healthful benefits derived from being outdoors in the fresh air and sunshine. During the past year, as far as it was possible, we devoted a part of our acreage to the growing of food

crops, which will be continued again this year without sacrificing the necessary attention required to maintain the high quality of our ornamental products, a reputation we enjoyed for so many years.

Hon. Claude R. Wickard, Secretary of Agriculture, said at the beginning of the war: "Gardening is one activity that has great possibilities as a useful outlet for that urge to do something. There is a spiritual uplift in seeing things grow," which has been proven by those who found pleasure and benefits from growing things.

We are prepared to serve you as we have in the past. As a special favor to us and advantage to you, may we have your orders early.

Grow more Food this summer and Buy Bonds and Stamps regularly.

Sincerely,

B. F. BARR.

B. F. Barr Flower Shop Phone 3-3300
116 N. Queen St.
Lancaster, Penna.

Department of B. F. Barr Nurseries, located in the heart of Lancaster, serving Lancaster and vicinity with fresh cut flowers and accessories daily, except Sunday. Open from 8:00 a. m. to 5:30 p. m.

Pioneer members of the Florist Telegraph Association. Flowers and plant orders are filled and relayed to all parts of the world through 7,500 bonded members, bringing cheer and a spiritual uplift in thousands of homes.

Proper Plant Materials Greatly Accent the Beauty of any Home---Modest or Pretentious

The Photograph Above Illustrates Most Impressively the Value of Combining Evergreens, Trees and Shrubs in a Harmonious Planting.

Here the beauty of the home is not hidden but rather enhanced by its complete and beautiful setting of well-selected plant materials properly arranged.

What otherwise would be monotonous formality is effectively broken by the planting of Dwarf Evergreens under the windows, with taller varieties against bare walls, giving an atmosphere of warmth in Winter and coolness in Summer.

The trees in their beauty of irregular form give added grace, and at the same time furnish shade in the heat of Summer. Groupings of Shrubs offer a continuous bloom as a joy from frost to frost.

The drive is screened from the entrance view, and a setting of Evergreens prevents objectionable views from the rear of the house or service yard.

Completing the picture is the Barberry Hedge planted along the front and sides, rich in the brilliance of its colorful leaves and berries in the Fall.

PRACTICAL LANDSCAPE SERVICE FOR PROSPECTIVE PLANTERS

We are prepared to offer landscape advice, furnish sketches and planting suggestions free of charge for any type of property. If difficult problems vex you come and talk them over with us or send them in by mail for our solution. Our service includes planting, fertilizing, and the general care of plants.

Make a sketch of your grounds. If you accurately furnish all the various measurements it will not be necessary that you even attempt to draw the sketch to scale.

Indicate in figures the width and length of all buildings in feet; width and length of porches and any offsets; distance to boundary lines in all directions; locations of basement windows; height of foundations and porch; locate principal windows; show position of kitchen; locate and name Trees and Shrubbery now on property.

Show also direction house faces (whether north or south, east or west), terraces or grades of any importance, location of walks and driveways with widths of same and of ground on both sides, any objectionable views to be hidden and vistas to be retained. Please send photograph of property, if possible.

State whether you want Evergreens or Shrubs for foundation planting; if you have any preference in varieties to be included anywhere; when you contemplate planting, about how much you wish to expend for plants, so we can suggest a planting that will be in keeping with your individual requirements and wishes, and that will be practical for your grounds by flourishing under the very conditions existing thereon and in complete harmony with the entire environment.

For large operations requiring surveying and much detail work, a charge to cover the actual cost for making plans, traveling expenses, etc., will be made. "The home to be loved must be made lovely."

Plant Fruit For Food And Beauty

Barr's "Will Grow" Fruit Trees are the largest sizes that can be planted to best advantage, are straight trunked, true to name and are not to be compared with customary small sizes frequently offered. They will transplant successfully, make good growth, and give an early and abundant yield. Plant cherry tree tap-root straight down.

Heavy, No. 1 grade, selected trees, note large caliper (trunk diameter) supplied.

How To Use Evergreens

When considering Evergreens for a planting visualize first what shape the plant should have for that particular location, keeping in mind, too, the ultimate height. Following the botanical name of each variety listed on the following pages we show its ultimate height for your guidance in selection.

No other plants offer so much in value as Evergreens giving as they do enjoyment twelve months the year 'round. Then, too, they can be used in so many interesting ways and make a lasting improvement to any property.

B. & B. INCLUDED IN PRICES

All prices on Evergreens include digging with a ball of earth, (B.&B.). Packing is also included on plants up to 3½ ft. in size, but for larger Evergreens to be packed for shipment add 25c per ft. of height to cover cost of packing materials and labor.

Prices include safe expert packing. Sent by Freight or Express, collect, or by truck in full load lots at cost.

Use Retinosporas For Graceful, Soft Effects

Figures following variety name indicate the height of the tree when at from 40 to 50 years old.

The graceful habit and the soft, fine foliage of the Retinosporas make them favorite Evergreens. These refined Evergreens attain unusual beauty. Recommended for foundation planting and as lawn specimens in sunny locations. Prefer moist soil.

CHAMAECYPARIS lawsoniana, 8-10 ft.

(Cupressus)

Lawson Cypress

Formal, pyramidal type; silvery-blue foliage contrasting effectively in groups of large Evergreens.

| | | | |
|---------------|---------|---------------|---------|
| 2-3 ft. ----- | \$ 2.00 | 3-4 ft. ----- | \$ 3.00 |
|---------------|---------|---------------|---------|

C. obtusa nana, 4-5 ft. Dwarf Hinoki Cypress

Exquisite, low Evergreen with short, curiously twisted, graceful, dark green branchlets; wide, irregular pyramid. Useful in rock gardens and low foundation plantings.

| | | | |
|-----------------|---------|----------------|---------|
| 15-18 in. ----- | \$ 3.00 | 1½-2 ft. ----- | \$ 3.50 |
|-----------------|---------|----------------|---------|

C. plumosa, 20-30 ft.

Plume Retinospora

Wide, pyramidal; dense foliage, soft and plumelike; rich green; handsome and distinctive.

| | | | |
|-----------------|---------|----------------|---------|
| 15-18 in. ----- | \$ 1.50 | 2-2½ ft. ----- | \$ 2.50 |
| 1½-2 ft. ----- | 2.00 | 2½-3 ft. ----- | 3.00 |

C. pl. aurea, 10-15 ft.

Golden Plume Retinospora

Wide, pyramidal; bright golden foliage, soft and plummy. Valuable for contrast.

| | | | |
|-----------------|---------|----------------|---------|
| 15-18 in. ----- | \$ 1.50 | 2-2½ ft. ----- | \$ 2.40 |
| 1½-2 ft. ----- | 2.00 | 2½-3 ft. ----- | 3.00 |

PLUME RETINOSPORA

C. pl. lutescens, 4-6 ft.

Dwarf Yellowplume Retinospora

Broad, dense bush with bright green, plummy foliage, tipped golden.

| | | | |
|----------------|---------|----------------|---------|
| 1½-2 ft. ----- | \$ 2.00 | 2½-3 ft. ----- | \$ 3.25 |
| 2-2½ ft. ----- | 2.75 | 3-4 ft. ----- | 4.00 |

Discount on quantity rate 10% on 5 or more of one variety and size.

Junipers Worthily Fill Almost Every Planting Need

SILVER REDCEDAR

JUNIPERS

Junipers are valuable ornamental plants that thrive best in moist soils and sunny, open positions. The tall, columnar forms are used as accent plants; the low, bushy forms for foundations and massing; the prostrate forms for covering slopes, or in the rock garden, or in the foreground of foundation plantings. A very hardy class.

JUNIPERUS ch. pfitzeriana, 5-6 ft.

Pfitzer Juniper

Wide growing; plumose, graceful horizontally spreading branches; foliage blue-green.

| | | | |
|-------------------|---------|------------------|---------|
| 12-15 in. spr. -- | \$ 1.25 | 2-2½ ft. spr. -- | \$ 3.50 |
| 15-18 in. spr. -- | 2.00 | 3-4 ft. spr. -- | 5.00 |
| 1½-2 ft. spr. -- | 2.50 | 4-5 ft. spr. -- | 6.00 |

J. ch. sargentii, 1-2 ft.

Sargent Juniper

Prostrate habit; grass green winter and summer. Good in rock gardens.

| | | | |
|-------------------|---------|------------------|---------|
| 15-18 in. spr. -- | \$ 3.00 | 1½-2 ft. spr. -- | \$ 4.00 |
|-------------------|---------|------------------|---------|

J. ch. smithi, 6-8 ft.

Smith Chinese Juniper

Graceful, bushy form; foliage light green, remaining fresh and bright Summer and Winter.

| | | | |
|----------------|---------|---------------|---------|
| 2-2½ ft. ----- | \$ 3.00 | 3-4 ft. ----- | \$ 5.00 |
| 2½-3 ft. ----- | 4.00 | 4-5 ft. ----- | 6.50 |

J. ch. sylvestris (oblonga), 10-12 ft.

Oblong Juniper

Densely branched, broadly pyramidal, rounded form with gray-green foliage. Useful in mixed plantings where it is quite distinctive.

| | | | |
|----------------|---------|---------------|---------|
| 2½-3 ft. ----- | \$ 3.00 | 3-4 ft. ----- | \$ 4.50 |
|----------------|---------|---------------|---------|

J. communis depressa plumosa, 1 ft.

Purple Spreading Juniper

Spreading habit; foliage tinged with rich purple during fall and winter.

| | | | |
|---------------------|---------|------------------|---------|
| 15-18 in. spr. -- | \$ 2.00 | 1½-2 ft. spr. -- | \$ 2.75 |
| 2-2½ ft. spr. ----- | | | \$ 3.75 |

J. com. hibernica, 6-8 ft.

Irish Juniper

Slender, columnar form; foliage silvery-gray on dense, upright branches. Its narrow form makes interesting contrast with other Evergreens.

| | | | |
|----------------|---------|----------------|---------|
| 1½-2 ft. ----- | \$ 1.50 | 2-2½ ft. ----- | \$ 2.00 |
|----------------|---------|----------------|---------|

J. excelsa stricta, 6-8 ft. Spiny Greek Juniper

Slow, compact grower; glaucous, blue color; narrow, pyramidal form.

| | | | |
|-----------------|---------|----------------|---------|
| 12-15 in. ----- | \$ 1.50 | 1½-2 ft. ----- | \$ 2.25 |
| 2-2½ ft. ----- | | | \$ 3.00 |

J. virginiana burkii, 8-10 ft.

Burks Juniper

Dense, columnar form; distinctive blue color in summer, plum-colored winter.

| | | | |
|----------------|---------|---------------|---------|
| 2-2½ ft. ----- | \$ 3.00 | 3-4 ft. ----- | \$ 4.50 |
| 2½-3 ft. ----- | 4.00 | 4-5 ft. ----- | 5.50 |

J. v. cannarti, 12-15 ft.

Cannart Redcedar

Compact columnar habit; rich dark green foliage. Its blue berries in autumn give it a distinct ornamental advantage.

| | | | |
|----------------|---------|-----------------|---------|
| 2-2½ ft. ----- | \$ 3.00 | 4-5 ft. ----- | \$ 6.50 |
| 2½-3 ft. ----- | 4.00 | 5-6 ft. ----- | 7.50 |
| 3-4 ft. ----- | 5.00 | 10-12 ft. ----- | 16.00 |

J. v. glauca, 12-15 ft.

Silver Redcedar

Columnar, vigorous grower; silvery blue, changing to bluish-grey. Good as a color accent among other Evergreens.

| | | | |
|----------------|---------|---------------|---------|
| 2-2½ ft. ----- | \$ 3.00 | 3-4 ft. ----- | \$ 5.00 |
| 2½-3 ft. ----- | 4.00 | 4-5 ft. ----- | 6.50 |
| 5-6 ft. ----- | | | \$ 9.00 |

J. v. keteleeri, 12-15 ft.

Keteleer Redcedar

Refined, symmetrical, compact pyramidal growth; intense green. In autumn bears large, showy slate-blue berries of considerable decorative value. Not susceptible to cedar apple rust.

| | | | |
|----------------|---------|----------------|---------|
| 2-2½ ft. ----- | \$ 3.00 | 2½-3 ft. ----- | \$ 4.00 |
| 3-4 ft. ----- | | | \$ 5.00 |

A large ball of Lancaster County's famous fertile soil goes with each "Will Grow" Evergreen which helps it in getting off to a good start and making continued satisfactory growth.

Because we ball and burlap and prepare "Will Grow" Evergreens for shipment by freight our customers have the advantage of this more economical method of delivery.

Spruces Are Most Effective on the Open Lawn

SPRUCES

Spruces are valued especially for specimen planting either singly, or in groups on large lawns; too large growing for foundation planting. These magnificent trees do best in suburban sections. The stately, regular, pyramidal outline of these hardy trees is strikingly effective.

PICEA barri, 40-50 ft. **Barr Spruce**

Slow growing, dense, pyramidal Evergreen with glossy, dark green needles.

4-5 ft. ----- \$ 6.00 5-6 ft. ----- \$ 9.00

P. c. albertiana, 40-50 ft. **Black Hills Spruce**

Conical, symmetrical outline; bluish-green; compact and hardy; drought resisting.

18-24 in. ----- \$ 2.00 3-4 ft. ----- \$ 3.00

2-3 ft. ----- 2.50 4-5 ft. ----- 4.50

P. excel-a, 60-80 ft. **Norway Spruce**

Fast growing; dark green; valuable for screens and hedges. When older makes a fine silhouette against the sky.

15-18 in. ----- \$ 1.50 4-5 ft. ----- \$ 4.50

1½-2 ft. ----- 1.75 5-6 ft. ----- 6.50

2 -3 ft. ----- 2.50 6-7 ft. ----- 10.00

3 -4 ft. ----- 3.00 7-8 ft. ----- 15.00

P. orientalis, 50-70 ft. **Oriental Spruce**

Its classic outline and small, neat, glossy green needles closely clothing the branches make this a plant of uncommon beauty. One of the most beautiful of all spruces.

1½-2 ft. ----- \$ 2.50 4-5 ft. ----- \$ 6.00

2 -3 ft. ----- 4.00 5-6 ft. ----- 9.00

3 -4 ft. ----- 4.50 7-8 ft. ----- 15.00

MOORHEIM BLUE SPRUCE

P. pungens, 60-80 ft. **Colorado Spruce**

Foliage light-green. Withstands heat and drought. Striking in appearance due to its perfect pyramidal outline and horizontally spreading branches.

15-18 in. ----- \$ 1.50 2½-3 ft. ----- \$ 4.00

1½-2 ft. ----- 2.00 3 -4 ft. ----- 5.00

2-2½ ft. ----- 3.00 4 -5 ft. ----- 6.00

P. p. glauca, 60-80 ft. **Blue Colorado Spruce**

Like above, except for a slight bluish tinge.

18-24 in. ----- \$ 3.00 3-4 ft. ----- \$ 6.00

2-2½ ft. ----- 4.00 4-5 ft. ----- 8.00

2½-3 ft. ----- 5.00 6-8 ft. ----- 12.00

P. p. kosteri, 60-80 ft. **Koster Blue Spruce**

Beautiful silvery-blue, broad, symmetrical tree making a striking appearance as a specimen on the lawn, or planted in groups. Very hardy.

5-6 ft. ----- \$16.00 6-7 ft. ----- \$20.00

12-14 ft. ----- \$40.00

Most Intensely Blue Spruce

P. p. moorheimi, 60-80 ft.

Moorheim Blue Spruce

More intensely blue than Koster Blue Spruce, and with larger needles making a glorious effect in color and form.

2-2½ ft. ----- \$ 7.00 4-5 ft. ----- \$12.00

2½-3 ft. ----- 8.50 5-6 ft. ----- 17.50

3 -4 ft. ----- 10.00 6-8 ft. ----- 25.00

DOUGLAS FIR See Page 10 for description

AUSTRIAN PINE

PINES

The Pines with their spreading branches bearing clusters of long, needle-shaped leaves, make valuable, majestic evergreens for permanent planting. They endure a wide range of soil and climate, and as they grow older gain in picturesqueness.

***Pinus montana mughus*, 4-5 ft. Mugho Pine**
Dwarf: many stems spreading outward and upward; erect new growth resembling candles. A low, compact plant, almost globular in outline. Suitable for foundation plantings, or in groups.
10-12 in. wide -- \$ 1.50 15-18 in. wide -- \$ 3.50
12-15 in. wide -- 2.50 1½-2 ft. wide -- 4.00
2-2½ ft. wide ----- \$ 5.50

***P. nigra*, 60-80 ft. Austrian Pine**
Heavily plumed, with long, rich, glossy, dark green, rigid needles. Will thrive in poor soil, or damp situations. Good for specimen, or mass planting; also for windbreaks.
2-3 ft. ----- \$ 3.00 4-5 ft. ----- \$ 7.00
3-4 ft. ----- 4.50 5-6 ft. ----- 9.00

***P. resinosa*, 50-60 ft. Red Pine**
Spreading, somewhat pendulous branches; dark green leaves. Good in massed background planting or as a specimen.
2-3 ft. ----- \$ 2.50 4-5 ft. ----- \$ 4.50
3-4 ft. ----- 3.25 5-6 ft. ----- 6.00
6-8 ft. ----- \$ 9.00

P. strobus*, 60-80 ft.*White Pine**

A tall, straight, fast-growing, hardy tree with long, flexible, light green needles. Very graceful. Good as specimen or in groups.

1½-2 ft. ----- \$ 1.75 3-4 ft. ----- \$ 3.00
2 -3 ft. ----- 2.25 4-5 ft. ----- 5.00
12-15 ft. ----- \$40.00-\$50.00

P. sylvestris*, 25-35 ft.*Scotch Pine**

Fast growing, open, round-headed, picturesque tree; twisted needles with bluish-green hue. Resists smoky, city conditions.

2-3 ft. ----- \$ 2.00 3-4 ft. ----- \$ 3.00
4-5 ft. ----- \$ 4.50

YOU GET BEAUTY AND VIGOR IN "WILL GROW" EVERGREENS

Barr's "Will Grow" Evergreens have a character all their own, due to our system of shaping, root-pruning and frequent transplanting, which results not only in a close, beautiful, compact growth so desirable in Evergreens, but aids in quick recovery after transplanting.

Being hand-dug when your order is received all roots are carefully secured. Taken fresh from the ground is assurance that your Evergreens will have their full vitality and that you can count on them giving you the most satisfactory results.

WHITE PINE

Yews Unexcelled In Either Sunny or Shady Places

SPREADING ENGLISH YEW

YEWS

Adaptability to part shade, semi-dwarf habit, handsome, dark green foliage winter and summer, give the Yews their high value as Evergreens for foundation and other ornamental planting. Best evergreen family for difficult city conditions and foundation planting. Any planting can be greatly enriched by a liberal use of Yews. Many of the Yews produce a profusion of red berries during the Fall.

TAXUS baccata repandens, 4-5 ft.

Spreading English Yew

Low gracefully spreading habit; long, glossy, blue-green foliage. Ideal as a low plant to face off groups. Thrives in shade.

| | |
|---------------------|---------|
| 10-12 in. spr. | \$ 2.00 |
| 12-15 in. spr. | 3.00 |
| 15-18 in. spr. | 4.00 |

T. cuspidata, 8-12 ft.

Common Spreading Yew

Most vigorous of the Yews; very hardy; dark, green foliage; excellent for foundation planting or hedges. Has a pleasing informal spreading habit. Lends itself well for group planting.

| | | | |
|-------------------|---------|------------------|---------|
| 10-12 in. wide .. | \$ 1.50 | 2-2½ ft. wide .. | \$ 6.00 |

UPRIGHT YEW

Arborvitae---Popular Evergreens At A Low Cost

ARBORVITAE

The clean, neat, compact appearance and soft foliage of the Arborvitae make them appropriate for foundation planting where they are almost indispensable, and for planting on small lawns as well as large areas. The Arborvitae are hardy and easy to transplant, but prefer moist soils. They offer a wide range of possibilities.

THUJA occidentalis, 15-25 ft.

American Arborvitae

Broad, conical tree; foliage bright green. Good for screens and hedges and accent purposes in evergreen plantings.

| | | | |
|---------------|---------|----------------|---------|
| 1½-2 ft. | \$ 1.50 | 3 -4 ft. | \$ 2.50 |
| 2-2½ ft. | 2.00 | 4 -5 ft. | 3.50 |
| 2½-3 ft. | 2.25 | 12-14 ft. | 15.00 |

T. oc. elegantissima, 15-20 ft.

Lee Golden Arborvitae

Compact, pyramidal plant; golden green foliage; hardy and vigorous in growth. Its bright color will enliven any evergreen planting.

| | |
|---------------|---------|
| 1½-2 ft. | \$ 1.75 |
| 2-2½ ft. | 2.75 |
| 2½-3 ft. | 3.00 |
| 3 -4 ft. | 3.50 |

Arborvitae Are Widely Used for Economical Foundation Plantings, Open Lawn Specimens, or Evergreen Hedges.

PYRAMIDAL ARBORVITAE

T. oc. globosa, 3-4 ft.

American Globe Arborvitae

Grows naturally in ball-like form; light green foliage. Very hardy. Use as a low type for variety in foundation plantings, or as accent plant for colonial type house on each side of entrance step.

| | | | |
|----------------|---------|----------------|---------|
| 12-15 in. | \$ 1.50 | 15-18 in. | \$ 2.50 |
|----------------|---------|----------------|---------|

T. oc. plicata, 10-15 ft.

Moss Arborvitae

Dense, attractive, blue-green, pyramidal variety. Very beautiful crested, obtuse foliage.

| | | | |
|---------------|---------|---------------|---------|
| 1½-2 ft. | \$ 1.50 | 3 -4 ft. | \$ 3.00 |
| 2½-3 ft. | 2.00 | 4 -5 ft. | 4.00 |
| 5-6 ft. | \$ 5.00 | | |

T. oc. pyramidalis, 15-25 ft.

Pyramidal Arborvitae

Narrow columnar growth; denser and darker green than American Arborvitae. Most widely used tall, narrow type. Holds color well throughout year.

| | | | |
|----------------|---------|---------------|---------|
| 15-18 in. | \$ 1.00 | 2½-3 ft. | \$ 2.75 |
| 1½-2 ft. | 1.75 | 3 -4 ft. | 3.75 |
| 2-2½ ft. | 2.25 | 4 -5 ft. | 4.75 |
| 5-6 ft. | \$ 6.00 | | |

T. oc. wareana, 10-15 ft.

Ware (Siberian) Arborvitae

Broad conical type; dense, slow growing, of rugged appearance. Pleasant bluish-green foliage unchanged by Winter. Very hardy.

| | | | |
|---------------|---------|---------------|---------|
| 1½-2 ft. | \$ 2.00 | 2½-3 ft. | \$ 4.00 |
| 2-2½ ft. | 3.00 | 3 -4 ft. | 5.00 |

BIOTAS

Branchlets in vertical planes on slender, ascending branches from near the base.

THUYA orientalis—BIOTA aurea conspicua, 7-8 ft.

Goldspire Oriental Arborvitae

Pyramidal shaped and a very interesting novelty. Golden in spring, bronze-yellow in winter.

| | | | |
|--------------|---------|--------------|---------|
| 2-3 ft. | \$ 3.00 | 3-4 ft. | \$ 4.00 |
| 4-5 ft. | \$ 6.00 | | |

T. or.—Biota aurea nana, 2-3 ft.

Dwarf Golden Oriental Arborvitae

Popular, low, conical plant; bright golden hue becoming bronze-tipped in winter. A spectacular living globe of gold and green.

| | | | |
|----------------|---------|----------------|---------|
| 9-12 in. | \$ 1.00 | 15-18 in. | \$ 2.00 |
| 12-15 in. | 1.75 | 1½-2 ft. | 2.50 |
| 2-2½ ft. | \$ 3.50 | | |

T. orientalis, 5-6 ft.

Oriental Arborvitae

Conical plant of rapid growth, retaining rich green color all winter.

| | | | |
|----------------|---------|--|--|
| 18-24 in. | \$ 1.50 | | |
|----------------|---------|--|--|

T. or.—Biota compacta, 4-5 ft.

Siebold Arborvitae

Compact, formal type like Biota aurea nana but with constant, fresh green foliage. Desirable for formal effects or hedges.

| | | | |
|----------------|---------|----------------|---------|
| 18-24 in. | \$ 2.50 | 24-30 in. | \$ 3.00 |
|----------------|---------|----------------|---------|

Use Hemlocks For Their Graceful, Handsome Foliage

HEMLOCKS — A Leading Specialty at Barr's

The Hemlock with its graceful branches, and beautiful, neat, needle foliage can well be made the basis of many fine plantings. Its informality of outline is particularly pleasing. On the open lawn it makes a handsome specimen, but wherever planted it is never out of place. Will remain small many years if sheared regularly.

TSUGA canadensis, 60-80 ft.

Canada Hemlock

The soft, feathery, dark green, fernlike foliage of the Canada Hemlock will give a softening touch to any planting, and combined with its gracefully spreading branches makes of it a magnificent tree. It is the State Tree of Pennsylvania. For specimen planting or in groups on the open lawn, or for hedges.

| | | | |
|-----------------|---------|-----------------|---------|
| 15-18 in. ----- | \$ 1.50 | 4-4½ ft. ----- | \$ 5.50 |
| 1½-2 ft. ----- | 2.00 | 4½-5 ft. ----- | 6.00 |
| 2-2½ ft. ----- | 2.75 | 5 -6 ft. ----- | 8.00 |

CANADA HEMLOCK

When Building A New Home

It is advisable to budget 2 to 3 percent for landscaping. Real estate men agree an investment of 3 percent of the cost of the house in Evergreens, Trees, and Shrubs increases the value at least 10 per cent and your enjoyment of your home to an immeasurable extent.

At the very beginning of operations put aside the amount you purpose spending for landscaping. Without good landscaping a house gives the appearance of "something wanting," or not being finished.

When and How to Plant Evergreens

Evergreens transplant best during the Spring months, before and just as new growth is beginning, or for several months following August 15 when the new growth is completed and has become sufficiently hardened.

The excavation for planting should be considerably larger and deeper than the encased roots so as to allow liberal space around the ball for filling in with good soil. Do not remove burlap, only loosen it at top and roll back as indicated in illustration. Carefully pack soil under earth ball. Mix peat moss and rotted manure, or Vigoro with soil used for back fill. When hole is two-thirds refilled, FLOOD WITH WATER.

In restoring the remainder of the excavated soil allow a shallow basin to remain around the tree to collect the rain and enable it to soak into the ground. Mulch with well-rotted manure or straw to conserve the moisture in the ground and keep it from becoming hard. In the Fall mound the soil against the plants.

Nightly spray the foliage with plain water, and weekly direct a STRONG force of water against the under side of the foliage, when the sun is not shining. This treatment preserves the vigor and beauty of the plant.

"Will Grow" Shade and Ornamental Trees

Does your home stand out in the bare sun, without back ground and unframed? Shade trees will make a wonderful transformation and give comforting shade as well.

NORWAY MAPLE

Acer—MAPLES

| 5-6 ft. stems, 3 year head, B&B | | \$ 6.00 |
| P. s. p. fl., pl., 15-20 ft. | | Double Weeping Cherry |
| Similar to former, except flowers are double. | | |
| 5-6 ft. stems, 3 year head, B. & B. | | \$ 6.50 |

Prunus—FLOWERING PLUMS

| P. bilariana, 8-10 ft. | | Purpleleaf Plum |
|-------------------------------|--|-----------------------|
| 6-8 ft. high | | \$ 3.50 |
| P. triloba, fl. pl., 6-10 ft. | | Double Flowering Plum |
| 3-4 ft. high | | \$ 1.25 |

BALL and BURLAP CHARGES

When it is desired to have Trees or Shrubs balled and burlapped (B. & B.) there will be an extra charge for this additional treatment unless quoted as B. & B. This charge will be in conformity with the following schedule:

| Size of Tree | Size of Ball | Extra for B&B |
|---------------------------------|--------------|---------------|
| Large Shrubs | 8-10 in. | \$ 0.35 |
| 5-8 ft., 1-1 1/4 in. cal. | 10-12 in. | .50 |
| 8-10 ft., 1 1/4-1 1/2 in. cal. | 12-15 in. | .75 |
| 10-12 ft., 1 1/2-1 3/4 in. cal. | 16-18 in. | 1.25 |
| 10-12 ft., 1 3/4-2 in. cal. | 18-20 in. | 2.00 |
| 12-14 ft., 2-2 1/4 in. cal. | 20-24 in. | 3.50 |
| 12-14 ft., 2 1/4-3 in. cal. | 24-30 in. | 5.50 |
| 11-16 ft., 3-3 1/2 in. cal. | 30-35 in. | 7.50 |
| 16-18 ft., 3 1/2-4 in. cal. | 36-40 in. | 10.00 |
| 18-20 ft., 4-5 in. cal. | 45-50 in. | 15.00 |

QUERCUS PALUSTRIS, PIN OAK

| | |
|-----------------------------|-------------------------------|
| G. Gleditsia inermis | Thornless Honey Locust |
| 6-8 ft. | \$ 2.50 |
| 8-10 ft. | 3.50 |

| 14-16 ft. high, 3-4 in. cal. | 8.00 |

LIQUIDAMBER, SWEET GUM

Beautiful Broad-Leaved Evergreen Shrubs

These splendid plants hold their bright green foliage all the year round and many varieties make a magnificent showing of bloom. Shaded situations are preferred by most of the varieties, giving them an added value in making them available for planting about the foundation of houses or shady corners.

ABELIA

ABELIA grandiflora, 3-4 ft.

Glossy Abelia or Bush Arbutus

Graceful, arching branches; shining, dark green leaves; dainty, waxy, pinkish-white, fragrant flowers from June to November. Very attractive in foreground of foundation plantings; also makes good hedges.

15-18 in., B. & B. ----- \$ 1.50
1½-2 ft., B. & B. ----- 1.75

AZALEAS

Few flowering plants can excel the Azaleas for all around usefulness. They make a most brilliant color display, either singly or in groups, and can be used to good advantage in brightening the foundation planting, doing well among other evergreens.

A. hinodegiri, 3-4 ft.

Crimson Evergreen Azalea

Bright red, double flowers; very showy.

8-10 in., B. & B. -\$2.25 12-15 in., B. & B. -\$3.00
10-12 in., B. & B. - 2.50 15-18 in., B. & B. - 4.50
1½-2 ft., B. & B. ----- \$ 5.50

A. Kaempferi Hybrids 3-4 ft. Torch Azalea

Semi-evergreen, showy, salmon-pink.

15-18 in. ----- \$ 3.00 18-24 in. ----- \$ 4.00

A. yodogawa, 2-3 ft. Yodogawa Azalea

Brilliant pinkish-lavendar, double flowers in early Spring. Very hardy.

15-18 in., B. & B. \$2.50 1½-2 ft., B. & B. \$3.50

BOXWOODS

Will thrive in full sunlight, or in shady locations where no other Evergreen will grow.

BUXUS sempervirens, 12-15 ft. Boxbush

Bushy; deep rich color; slow growing. Frequently used for hedges.

12-15 in., B. & B. ----- \$ 1.50
15-18 in., B. & B. ----- 2.50

B. suffruticosa, 3-4 ft. Dwarf English Box

Especially adapted to edging walks or as a low hedge. This is the attractive variety growing in the formal gardens at Washington's home, Mt. Vernon.

| | Each | Per 10 | Per 100 |
|-------------------------|--------|---------|---------|
| 4-5 in., B. & B. ----- | \$0.30 | \$ 2.95 | \$25.00 |
| 5-6 in., B. & B. ----- | .40 | 3.50 | 30.00 |
| 6-8 in., B. & B. ----- | 1.00 | 9.00 | |
| 8-10 in., B. & B. ----- | 1.50 | | |

COTONEASTERS

COTONEASTER horizontalis, 1-1½ ft.

Rock Cotoneaster

Small, pink flowers; ornamental bright red fruit; shiny, green leaves; semi-evergreen. Ideal for rock gardens, or for covering banks.

12-15 in., potted plants ----- \$ 2.00

C. francheti, 5-6 ft. Franchet Cotoneaster

Semi-evergreen with gradually arching branches; fruit orange-red persisting greater part of Winter.

15-18 in., (Potted) ----- \$ 1.50

DAPHNE

DAPHNE, cneorum, 1 ft.

Rose Daphne

Covered in May with beautiful pink, tubular flowers; fragrant. A splendid rock garden plant.

6-9 in., B. & B. -\$1.00 9-12 in., B. & B. -\$1.50

How To Treat The Soil For Azaleas and Rhododendrons

Rhododendrons and Azaleas require an acid soil. For best results, plant in a mixture of three parts leaf mould or Holland Peat to one part soil. In limestone localities ½ pound aluminum sulphate to each square yard of surface broadcast Spring and Fall, will prove beneficial in acidifying the soil.

The Rhododendrons we list are nursery-grown, and acclimated, and have had the benefit of careful transplanting by which they have gained root systems which will cause them to make better growth than collected plants.

EUONYMUS

EUONYMUS patens (sieboldianus), 6-7 ft.

Spreading Euonymus

Handsome, large, dark green foliage; white flowers July; red berries in Fall.

12-15 in., B. & B. \$1.00 1½-2 ft., B. & B. \$1.50

E. r. vegetus, 3-4 ft. Bigleaf Wintercreeper

(Evergreen Bittersweet). Bushy growth, bright scarlet fruits. Will climb, or grow as bush.

9-12 in., 3 yr. plant ----- \$1.00
12-15 in., 5 yr. plant ----- 1.25

E. r. colorato Purpleleaved Wintercreeper

1 yr. plants ----- \$0.50 2 yr. plants ----- \$1.00

AMERICAN HOLLY See description next page

Plant American Hollies For Year 'Round Delight

Hollies love a slightly acid, well-drained, loamy soil. Dug with a ball of earth, as especially prepared at Barr's, they transplant comparatively easy.

AMERICAN HOLLY *Ilex opaca*, 10-12 ft.

For berries in abundance one must plant the non-bearing type (if there is not another in the vicinity) as well as the berrying kind.

GUARANTEED BERRY-BEARING, B. & B.

| | | | |
|---------------------|---------|---------------|---------|
| 12-18 in. from pots | \$ 3.00 | 4-5 ft. ----- | \$10.00 |
| 3-4 ft. ----- | 7.00 | 5-6 ft. ----- | 18.00 |
| 6-8 ft. ----- | \$25.00 | | |

NON-BEARING, (Male Trees), B. & B.

| | | | |
|-----------------|---------|----------------|---------|
| 4-5 ft. ----- | \$ 6.00 | 8-10 ft. ----- | \$30.00 |
| 10-12 ft. ----- | \$35.00 | | |

SEX UNDETERMINED, B. & B.

(50 to 60% of these plants will berry)

| | | | |
|---------------|---------|---------------|---------|
| 2-3 ft. ----- | \$ 4.00 | 3-4 ft. ----- | \$ 5.00 |
|---------------|---------|---------------|---------|

ILEX *crenata microphylla*, 5-6 ft.

Small-leaved Holly

Deep green, boxlike leaves. Black berries. Unusually attractive in foundation plantings or as specimens. Compact and slow growing.

| | | | |
|-------------------|--------|-------------------|---------|
| 1½-2 ft., B. & B. | \$3.00 | 2¼-3 ft., B. & B. | \$ 6.00 |
| 2-2½ ft., B. & B. | 5.00 | 3-3½ ft., B. & B. | 7.50 |

I. *c. convexa (bullatum)*, 3-4 ft. Boxleaf Holly

Exquisite, dwarf, spreading Evergreen Shrub with small, box-like, convex, glossy, persistent leaves. Small, black berries, remaining over Winter. Especially suitable for foundation planting in sun or shade, or where a dwarf plant is desired.

| | | | |
|--------------------|---------|-------------------|---------|
| 12-15 in., B. & B. | \$ 2.50 | 2-2½ ft., B. & R. | \$ 6.00 |
|--------------------|---------|-------------------|---------|

I. *glabra*, 4-6 ft.

Inkberry

Deep green leaves turning metallic deep purple in Winter; black berries, attractive to birds.

| | | | |
|--------------------|---------|-------------------|---------|
| 15-18 in., B. & B. | \$ 2.00 | 1½-2 ft., B. & B. | \$ 3.00 |
|--------------------|---------|-------------------|---------|

LAUREL

KALMIA *latifolia*, 4-8 ft. Mountain Laurel (The Pennsylvania State Flower)

Bright, dark-green leaves; large showy clusters of rose-colored flowers. One of the most beautiful, most popular and most useful of native, woody plants.

| | | | |
|--------------------|---------|-------------------|---------|
| 18-24 in., B. & B. | \$ 4.00 | 2-2½ ft., B. & B. | \$ 4.50 |
|--------------------|---------|-------------------|---------|

LEUCOTHOE

LEUCOTHOE *catesbaei*, 3-4 ft.

Drooping Leucothoe

Attractive, fragrant, white flowers in May, borne in long, pendulous racemes.

| | | |
|---------------------------|-------|---------|
| 8-10 in. clumps, B. & B. | ----- | \$ 1.00 |
| 12-18 in. clumps, B. & B. | ----- | 2.50 |

PACHYSANDRA

PACHYSANDRA *terminalis*, 6-8 in.

Spurge Ground Cover

Evergreen ground cover with dense, glossy foliage forming thick carpet. One of the most valuable plants for difficult situations under trees and in dense shade.

| | | |
|----------------------------|---------------------|---------|
| 1 yr., 4-6 in., per 10, -- | \$1.20; per 100, -- | \$ 8.00 |
| 2 yr., 4-6 in., per 10, -- | 1.75; per 100, -- | 10.00 |

ANDROMEDA

PIERIS *japonica*, 3-5 ft.

Andromeda

Bears graceful pendants of white flowers in early Spring. Glossy bright green foliage, especially attractive in Winter when bronzed.

| | | | |
|--------------------|---------|-------------------|---------|
| 15-18 in., B. & B. | \$ 4.00 | 1½-2 ft., B. & B. | \$ 5.00 |
|--------------------|---------|-------------------|---------|

FIRETHORN

PYRACANTHA *coccinea lalandi*, 6-8 ft.

Laland Scarlet Firethorn

Glossy foliage; white flowers, followed by large clusters of orange berries; very ornamental.

| | | |
|---------------------|-------|---------|
| 18-24 in. from pots | ----- | \$ 3.00 |
| 2-2½ ft. from pots | ----- | 4.00 |

RHODODENDRONS

The Rhododendron is a very effective plant used in masses or groups or near dark foliage evergreens. It is excellent for the difficult shaded corner or on the north side of the house. It fills a need not supplied by any other plant. Its appealing beauty is not only its magnificent florescence but the thick, smooth, glossy leaves borne the year 'round.

Rhododendron Hybrids

Handsomest of the Rhododendrons, the flowers being larger and of a bright, clearer color. They grow into compact, beautiful bushes five to eight feet high. The first three varieties are grafted plants.

RHODODENDRON

R. *Dr. Dresselhuys*. Bright red. Medium.

| | | |
|-------------------|-------|---------|
| 1½-2 ft., B. & B. | ----- | \$ 6.50 |
|-------------------|-------|---------|

R. *Mrs. C. S. Sargent*. Deep pink, yellow eye. Tall

| | | |
|-------------------|-------|---------|
| 1½-2 ft., B. & B. | ----- | \$ 6.00 |
|-------------------|-------|---------|

R. *Roseum elegans*. Rich pink. Tall.

| | | |
|-------------------|-------|---------|
| 1½-2 ft., B. & B. | ----- | \$ 6.00 |
| 2-2½ ft., B. & B. | ----- | 8.00 |
| 3-4 ft., B. & B. | ----- | 12.50 |

RHODODENDRON *carolinianum*, 4-5 ft.

Carolina Rhododendron

Light rose flowers in early May. Foliage is relatively small and plant is broad and compact. Tolerates sunshine.

| | | |
|--------------------------|-------|---------|
| 12-18 in., B. & B. | ----- | \$ 3.00 |
| 1½-2 ft. clumps, B. & B. | ----- | 5.00 |

R. *c. album*, 3-4 ft.

White Carolina Rhododendron

Pure white form of the preceding.

| | |
|--------------------------------|---------|
| 18-24 in. ----- | \$ 3.50 |
| 2-2½ ft. clumps, B. & B. ----- | 5.00 |

R. *maximum*, 6-10 ft. Rosebay Rhododendron

Flowers pale rose to nearly white. July. Good for mass planting.

| | |
|--------------------------------|------------------|
| 18-24 in. plants ----- | \$ 3.00 |
| 2½-3 ft. clumps, B. & B. ----- | 4.00 |
| 3-4 ft. clumps, B. & B. ----- | \$6.00 to \$8.00 |

Flowering Shrubs For Any Purpose

"Will Grow" shrubs are sturdy, well-rooted plants with a bushy top of numerous branches. They have been nurtured long enough in our nurseries to gain size and vigor, so that they will prove particularly dependable and desirable.

How to Plant Shrubs to Obtain Best Results

Cut the tops back about one-third before planting. Be careful not to have roots exposed to air or sun at any time.

The important point in planting is to have the hole large enough to accommodate the roots without crowding, and to get the soil well worked in among the roots. Space the larger growing Shrubs 5 ft. apart, medium growers, 4 ft., low growers, 3 ft.

After planting always water abundantly and apply a mulch to serve as a protective covering.

Evergreen Ground Cover Plants For Difficult, Shady Places

For difficult places under trees and on banks where it is impossible for grass to thrive a class of plants designated as "Ground Cover Plants" can be used with good results. These plants are also valuable in Evergreen and Shrub plantings, filling up the intervening spaces. Other advantages are that they always look well, yet require practically no attention; and being evergreen, are as effective in Winter as in Summer. Among the best plants for this purpose are English Ivy, Pachysandra and Periwinkle.

PACHYSANDRA

Under trees Pachysandra is the real answer to the problem of covering the bare ground with greenery. Another advantage is the protection to the roots of trees afforded by the Pachysandra. The glossy foliage is very attractive. Use 3 or 4 to 1 sq. ft. of the area to be covered.

| | Per 100 | Per 1000 |
|--------------|-----------|----------|
| 1 yr. plants | ...\$8.00 | \$70.00 |
| 2 yr. plants | ...10.00 | 90.00 |

ENGLISH IVY

The English Ivy is particularly effective used on banks, to edge walks and under trees. An advantage in using Barr's English Ivy is that it goes further in coverage, each pot containing two plants—a twofold advantage. Plant 10 to 12 inches apart and you will soon have a carpet of green.

| 2½ in. pot | | |
| size |\$ 1.40 | \$12.00 |
| (Large or Small-leaved) | | |

PERIWINKLE

Not only is the Hardy Periwinkle a good ground cover under trees and on hillsides, but its pretty blue flowers also make an appeal. The glossy, evergreen foliage remains beautiful the year round. When planting do not place the crown of the plant below the surface of the soil. Use 3 or 4 to 1 sq. ft. of area.

HELPFUL PLANTING SUGGESTIONS

Shady places without grass, as a rule, are usually found under trees with dense foliage. Shady Side Lawn seed has its limitations in these areas depending on the quantity of sunlight available. Ground Cover plants is the answer, as they will thrive where lawn grass fails to grow satisfactorily. While the first cost is greater than seeding, which needs repeated sowing every season, the ground cover plants, especially Pachysandra or Spurge and Myrtle, remain constant, needing very little after care once they are planted, resulting in a saving over a term of years and a permanent green covered area both Summer and Winter.

As a rule, the soil under trees is poor and contains very little humus "known as plant food," which is necessary for all plants to grow satisfactorily.

Soil Preparation

We advise digging the soil to a depth of 6-7 inches, add 2-3 inches of Manure partly decomposed and 2 inches of Peat Moss or Leaf Mold, and sand, if soil is heavy. Dig well again and thoroughly mix all together. Add an inch of Peat Moss or Leaf Mold and work in lightly on surface.

Plant firmly and water plants well so the roots and soil come in close contact, resulting in immediate growth. Water at intervals until plants are well started.

Your Plants And Lawns Respond Best If Fertilized

When small quantities of fertilizers or insecticides are wanted by parcel post, please add postage as follows: 20c for 10 lbs., or less. Larger quantities will be sent by express or freight, collect.

Adco. Garden rubbish such as leaves, cuttings, straw, etc., is turned into a true manure (best of all fertilizers) when mixed with Adco. 25 lbs., Adco makes $\frac{1}{4}$ ton valuable manure. 25 lbs., \$2.25; 150 lbs., \$10.50.

Aluminum Sulphate. Useful in creating acid soil conditions. Broadcast 1 to 3 lb. to each square yard of surface. 5 lbs., 75c; 10 lbs., \$1.25.

Bovung. Natural cow manure, thoroughly dehydrated and pulverized. Free of weed seeds. An organic fertilizer of superior merit. One pound is sufficient for 25 sq. ft. of area. 10 lbs., 60c; 50 lbs., \$2.75; 100 lbs., \$5.00.

Lawn Fertilizer (Barr's) Special formula that makes grass develop stronger and deeper roots to better compete with Crab Grass and other weeds, which are surface rooting. Gives good color and vigor to the lawn. Apply 1 lb. to 40 sq. ft., and water heavily. 10 lbs., \$1.00; 100 lbs., \$5.00.

Leaf Mold. Nature's plant food. Mix with soil in which Rhododendrons and Azaleas are to be planted. 3 parts Leaf Mold to 1 part soil. 50 lbs., \$2.00; 100 lbs., \$3.00; 1 ton (2000 lbs.), \$40.00.

Lime, Pulverized. For lawn and field use where the ground has become sour. Two pound is sufficient for 25 sq. ft. of surface. 50 lbs., \$1.50; 100 lbs., \$2.00; 500 lbs., \$8.00.

Peat Moss. (Ground) Applied as mulch, conserves moisture, keeps down weeds, melloes and acidifies the soil and beautifies at same time. Water well before and immediately after applying as a mulch. 1 bale covers 125 sq. ft. to depth of 2 inches. $\frac{1}{2}$ bale, \$3.00; 1 bale, \$5.50.

Rhododendron Food. (Barr's). Both acidifies the soil and provides plant food especially needed by Rhododendrons, Azaleas and other broad-leaved evergreens. Broadcast 1 lb. to each square yard two or three times a year. 5 lbs., \$1.00; 10 lbs., \$1.75; 25 lbs., \$3.00.

Soil, Potting. Mixture of soil, sand and fertilizer. Ideal for potting purposes, or any place where especially good soil is needed. 1 bu., 75c; 2 bu., \$1.25; 3 bu., \$1.60; 5 bu., \$2.00; 1 ton, \$4.50.

Tobacco Dust. Excellent dusting insecticide with fertilizing value; apply liberally to plants and on surface of soil as a mulch. 50 lbs., \$1.50; 100 lbs., \$2.50.

Tobacco Stems, Cut. A combined fertilizer, mulch and insecticide for lawns and shrubbery, trees and evergreens. Unlike stable manure does not introduce weed seeds. 100 lbs. will cover 500 sq. ft. thickly. \$1.75 per 100 lbs.; 500 lbs., \$8.75; \$22.50 per ton.

Tree Food (Barr's). Trees will make quick response to this special food and its action will also be long lasting. Especially valuable for Oak trees where leaves show tendency to turn yellow. Use 4 lbs. to each 1 in. caliper early spring, and again in July. Do not use as top dressing but insert in holes in ground as far as branches extend above. 5 lbs., \$1.00; 10 lbs., \$1.75; 50 lbs., \$4.00; 100 lbs., \$7.50.

Vigoro. Special prepared plant food. Vigoro supplies all 11 of the vital food elements all growing plants need from the soil. It is clean, odorless, sanitary and easy to apply. Use 1 lb. to 20-25 sq. ft. area. 10 lbs., \$1.00; 25 lbs., \$1.50; 50 lbs., \$2.50; 100 lbs., \$4.00.

Peach Bottom, Pa.

I am very pleased with the Mahonia, it is a real beauty. However, I have always found Barr's Trees satisfactory and in 20 years have never lost a single tree or shrub from you.

MRS. EDGAR KIRK.

Ephrata, Pa.

I just wish you could see the setting of Evergreens you planted. It looks wonderful. I don't think you could buy same for \$1,000. I am a good booster for Barr's Nurseries.

G. R. S.

State College, Pa.

All plants we have received from your company have been perfectly satisfactory. We have growing on our lawn some very nice specimens of your Evergreens.

F. H. S.

Garden Accessories

Bird Baths

Concrete, beautifully and substantially molded. Diameter of bowl 21 inches; pedestal 29 $\frac{3}{4}$ in.; height over all 34 in., weight 220 lbs. \$10.00 ea.

Japanese Beetle Traps

Most practical way to catch Japanese Beetles. Simple in operation; effective in action. Furnished with bait and strong hangers. 75c each. Extra bait 15c per small can; \$1.00 per large can.

Special Wrap for Trees

Pure vegetable waterproof, kraft paper for wrapping trunks of newly planted trees. Adjusts itself automatically to contour of tree. Protection for shade and fruit trees against sun scald, loss of moisture and attacks of insects, rabbits and field mice. Rolls of 155 lineal feet, 5 inches wide. 75c ea. By Parcel Post 15c additional.

For Growing Healthier Plants

VITAMIN B₁
(Pure Crystalline Powder)

Amazing new growth stimulant for garden and house plants, roses, shrubs and trees. Produces larger blooms, more luxuriant foliage; restores sick and straggly plants to health; decreases transplanting mortality; gives lawns increased vigor and improved color. A season's supply of the pure crystalline powder for the average garden with full directions, \$1.00 postpaid.

Insecticides And Fungicides To Keep Plants Healthy

Arsenate of Lead. (Powdered) To combat leaf-eating insects. Use $1\frac{1}{2}$ to 2 lbs. to 50 gals. of water. 1 lb., 40c; 4 lbs., \$1.00.

Black Leaf 40. For aphids and all sucking insects. 1 oz., 35c; 5 ozs., \$1.00; 1 lb., \$2.50.

Bordeaux Mixture. For mildew, blight, black rot and other fungus diseases of fruits and plants. 1 lb., 40c; 4 lbs., \$1.00; 10 lbs., \$2.25.

Borerkil is a scientifically prepared paste that kills boring insects when injected into their burrows. Safe, convenient and simple to use. Indispensable as a dog repellent and poultry fumigant. Packed in handy tubes with injectors included. Garden Size, 60c.

C. F. O. Liquid insecticidal soap spreader that increases the efficiency of contact spray solutions. Odorless; non-poisonous; does not discolor foliage. 3 ozs., 25c; 1 qt., \$1.00; 1 gal., \$2.50.

Cyanogas "A". Sure, quick, economical mole control. Also effective for ants, locusts, mice, snakes, rats and other rodents. Cyanogas "A" is a powder which upon exposure to the air gives off a poisonous gas. Since it is the gas that kills it is not necessary to bring the dust into actual contact with the pest being controlled. Complete instructions with every can. 1 lb., 75c; 5 lbs., \$3.00.

Dogzoff. Will keep dogs, cats or rabbits from any place where they are not wanted. Not poisonous to plants. Will not injure animals. 4 oz. bottle, 60c postpaid.

Fungtrogen. Effective preventive and remedy for mildew, black spot and other fungus diseases. $\frac{1}{2}$ pt., 75c; 1 pt., \$1.25; 1 qt., \$2.00.

Insectrogen. Adheres to foliage long time, killing insects present, those hatching later or coming from unsprayed plants. 4 oz. can, 60c; $\frac{1}{2}$ pint, \$1.00; 1 pt., \$1.75; 1 qt., \$2.75.

Japex. Kills and repels Japanese Beetles. Does not discolor foliage. Non-poisonous to man and animals. Very effective repellent against Beetles, and deadly to caterpillars, aphids, red spider, etc. 5 gal. size, 75c; 20 gal. size, \$2.00.

Jap-Ro-Cide. Improved repellent for protecting foliage plants against Japanese Beetles. Safe to humans, birds and animals, leaves no deposit, easy to use, odorless, yet strongly repellent to Japanese Beetles. 1 lb. canister (sufficient for 20 gal.), \$1.25; 5 lb. canister, \$5.50.

Killogen. Plant spray and ant killer. A contact spray to control insects in the garden, window boxes and on evergreens. Splendid for house plants. Non-poisonous to humans, harmless to foliage or blooms. Another "ogen" product. 2 $\frac{1}{2}$ oz. bottle, 50c (makes 250 times its volume).

Lime Sulphur. In powder form for control of San Jose scale and fruit tree diseases. 1 lb., 40c; 5 lbs., \$1.75; 10 lbs., \$2.50.

Marvel Spray. Sure remedy for mealy bugs. Kills by penetrating the waxy coat of the insect. Stimulates plant growth; does not burn or stain. 2 oz. bottle, 50c.

Molgen. An "ogen" product in semi-powder form. Eliminates moles from lawns, flower and bulb beds, etc. Will not harm soil or grass. $\frac{1}{2}$ lb. can, 50c.

Red Arrow. Fatal to both chewing and sucking insects, yet harmless to human beings and pets, such as dogs, cats and birds. 1 oz. makes 4 to 8 gal. of spray. 1 oz., 35c; $\frac{1}{4}$ pt., \$1.00; 1 pint, \$2.85; 1 qt., \$5.40.

Sunoco. Most effective spray for scale insects. 1 gal. makes 30 to 75 gal. of spray. 1 gal., \$1.40; 5 gal., \$5.50.

T A T Ant Bait. Just squeeze bait on top of ant hill. Enables you to treat all colonies at once. Each tube sufficient for several hundred small size hills. 1 oz. tube, 25c each.

T A T Ant Trap. Recommended for the home due to exclusive safety feature. Destroys both sweet and grease eating ants. Worker ants enter traps and carry poison back to colony and soon the queen and every member is destroyed in their nests which usually are outside the house or in the foundations. 25c each.

Tree Tanglefoot. Easily applied, effective, economical and non-injurious protection for fruit, shade and ornamental trees against ants, caterpillars and all crawling insects. One pound is sufficient for 12 to 15 ft. of tree band. Also useful for waterproofing wounds in trees. 1 lb. can, 75c. Postage extra.

Complete all-purpose Rose Spray. Offers the first definite mildew and black spot control. Combining an insecticide it kills all insects, including sucking and leaf-eating types. Remains on foliage, repelling subsequent attacks. Stimulates plant growth, resulting in fine foliage and luxuriant blooms.

"One of the inexpensive possessions that we can continue to enjoy, come war and taxes, is our Shade and Decorative Trees."—Pathfinder.

DELIVERY AND PAYMENT

GOVERNMENT CERTIFIED PLANTS

All plants are shipped anywhere under certificates from the U. S. Government and Pennsylvania Department of Agriculture, showing them to have been thoroughly inspected and found free from insects and fungus diseases.

A Check, Post Office or Express Money Order may accompany your order. We are glad to open charge accounts on receipt of the usual trade references.

All Dormant Roses, Grass Seed and special offers prepaid. Perennials without a ball of earth on orders for \$3.00 or more are sent prepaid.

Potted Roses, Shrubs, Azaleas, Rhododendrons, Lilacs, Magnolias, Fruit Trees and other nursery items in this catalogue are packed free except on B and B Evergreens and trees over 3½ ft. in size when cash accompanies the order. Unless plants and other materials are marked postpaid, they are sent by Railway Freight or Express, delivery charges collect, or by Truck in full load lots at cost.

For Evergreens and Trees dug with a ball marked B and B over 3½ feet in size to be packed for shipment, add 25 cents per foot in height to help defray the cost of crating material.

If we are unable to make full shipment of your prepaid order, and you do not allow substitution, we will make prompt refund of your over-payment.

The right is reserved to advance prices without notice depending on market or other conditions beyond our control.

Safe Arrival Guaranteed. Please report any dissatisfaction immediately. During the peak of our shipping seasons, when we work day and night to fill thousands of orders, slight errors may occur which we are pleased to correct at once when called upon.

Responsibility. While we exercise the greatest care in filling orders, we cannot give any warranty, expressed or implied. We will replace such material as proved not true to name, but it is agreed at no time will we be responsible for more than the original purchase price.

Replacement. All stock accepted as satisfactory, properly planted and cared for, if failing to grow, dies from reasons beyond our or the customer's control. Such losses (except the delivery and planting) occurring the first growing season are shared fairly on a 50-50 basis. Hence, we agree to replace once at one-half the original purchase price, when purchased at regular catalogue prices and provid-

ing the customer has also shown good faith by having paid for the original plants in full. Customers should not expect plants to be replaced on the half price basis that have been winter killed or otherwise injured by dogs, or suffered any accident or neglect.

Local Truck Deliveries. Customers residing within 10 miles of our Nurseries may request truck delivery without charge on such days as we have full truck load deliveries in that particular section. Special deliveries, 15c a mile.

Truck Deliveries Outside of 10-mile area on full truck load lots based on the round trip mileage at 15 cents a mile for a 2½ ton truck.

HARDY PERENNIALS

The Most Dependable Varieties

From early Spring to late Autumn there are always flowers to enjoy where Perennials are planted, and the blooms are equally enjoyable growing in beds or borders on the lawn or cut for table and home decoration. Once planted they continue to bloom and increase in beauty each succeeding year.

Perennials require little attention (weeding and watering during the growing season and mulching with fertilizer in the Fall) and, as each variety has a fixed period to flower, a succession of bloom can be enjoyed throughout the season. The following table makes easy the selection of proper varieties.

| Botanical Name | Common Name | Time of Bloom | | | | | | Color | | | | | | Good for | | | Ultimate Height | Price for 3 Plants | | |
|--|------------------------------|---------------|-----|------|------|--------|-----------|---------|-------|--------|------|-----|------|----------|---------|---------|-----------------|--------------------|------------|-------------|
| | | April | May | June | July | August | September | October | White | Yellow | Pink | Red | Blue | Purple | Borders | Cutting | | | Part Shade | Rock Garden |
| Always plant 3 or more of a kind in a group for the best effect. | | | | | | | | | | | | | | | | | | | | |

PHLOX, Lillian. 3 for \$1.25

FRIENDSHIP OFFER HARDY PHLOX

Phlox embody all the qualities desirable in a plant—hardiness, upright carriage, pretty foliage, fragrance, beauty and variety of color. Besides, Phlox have the added merit of being in bloom during the summer when other plants are out of bloom. July-Sept.

We supply extra strong, field-grown plants that will bloom the first season.

D. P. Williams. Trusses of soft pink flowers with light blue eyes. Compact grower. 3 for \$1.25.

E. I. Farrington. Large heads of beautiful salmon-pink flowers. Grows to a height of 18 to 24 inches and carries its foliage clear to the ground. A much admired variety wherever grown. 3 for \$1.00.

Enchantress. Bright salmon-pink with darker eye. Strong growth, and rich green, glossy foliage. 3 for \$1.00.

Fuerbrand. Brilliant orange-scarlet; medium; blooms very freely. 3 for \$1.00.

Innocence. Tall grower, producing large pure white flowers. One of the finest varieties. 3 for \$1.00.

Lillian. Very attractive, large, soft salmon-pink blooms. One of the best of its color. 3 for \$1.25.

12 plants, your selection, \$3.75, postpaid.

FRIENDSHIP OFFER

3 each—9 Finest Delphiniums, \$3.25, Postpaid

The Delphinium, or Perennial Larkspur, is one of the finest blue flowers cultivated, and among the most useful and effective of hardy plants. Especially fine for the hardy border, although very effective almost anywhere—in beds, in clumps, in the shrubbery. Ideal for cut flowers.

Plant in well-enriched soil and cut off the old flowering stems as they mature.

The Best Varieties are Included in this Offer as Follows:

3 **Delphinium belladonna**, large flowers of a rich deep blue shade. 3 for \$1.00.

3 **Delphinium bellamosa**, beautiful sky-blue; flowers all summer until cut down by frost. 3 for \$1.00.

3 **Delphinium Giant Pacific Hybrids**, large flowers on long spikes, in mixed shades of blue. 3 for \$1.50.

GLORIOUS COLORS OF THE HARDY "MUMS"

UNTIL FROST

In late fall, when nearly all other flowers have ceased to bloom, the hardy garden Chrysanthemums or Winter Shrubs as they are sometimes called, are still here to delight with their great variety of form and color.

Strong plants from pots for easy and most successful transplanting, ready for delivery May 1 to 20.

Azalea Flowering Mums

These prolific-blooming, hardy Chrysanthemums have become very popular in the last few years. Each plant is literally covered with blooms in the fall, estimates running as high as 600 flowers the first year. They bloom from late July until frost, forming wide, dense "cushions" 1½ feet high by 2 to 3 feet across when fully developed. Good for rock-gardens.

Bronze Cushion. Deep bronze, turning bronzy yellow.

Pink Cushion. Beautiful shade of bright pink.

Queen Cushion. White.

Yellow Cushion. Brilliant golden yellow.

Red Cushion. Red; improved form.

Earliest Varieties to Bloom

Any of above Cushion Chrysanthemums, 3 for \$1.00

Large-Flowering Varieties

Largest, most showy of the late fall flowers, the ball-like bloom being 3 to 4 inches across. Should be planted in a protected location in good soil. For larger flowers allow only one bud to a stem. In full bloom by mid-October.

Mrs. H. E. Kidder. Elegant large yellow blooms with petals incurved.

Oconto. Pure white; petals incurved.

Rose Glory. Lavender-pink; petals incurved.

Any of above Large-flowering Mums, 3 for \$1.25

Choicest Garden Mums

Algonquin. A very hardy variety with healthy foliage and large, full golden yellow flowers. One of the earliest to bloom.

Crimson Glory. Very bright crimson, surpassing all early crimson varieties. Late October.

Early Bronze. Double; lively bronze-yellow. Dwarf. August-October.

Ethel. Dark velvety maroon; small Button type. Late October.

Indian Summer. Glowing orange flowers 3 inches across; double. Erect and free flowering.

Judith Anderson. Clear buttercup-yellow flowers, nicely rounded, Button type, completely covering the plant. October.

Minnau. Large, very double, white flowers. Button type. Compact plant.

Mrs. Pierre S. du Pont III. Soft delicate pink; double; 3 inches across. Late September.

Murillo. Best shade of pink among the hardy Chrysanthemums.

Rose Glow. Lovely old-rose becoming opalescent rose; semi-double flowers 2 inches across in great profusion; delightfully cinnamon scented. Magnificent.

Ruth Cumming. Rich bronze terra-cotta. October.

Snappy. Red with golden reverse; semi-double. October.

Sunny Boy. Clear yellow pompon. Late August.

Tasia. Lovely, large pure white blooms. Free-flowering. Early. Dwarf.

The Moor. Port-wine-red flowers, 3 inches across and double, making intensely brilliant garden display. Late September.

Any of above varieties, your selection, 3 for \$1.00

Korean Chrysanthemums

These exquisite, new, hardy creations, with their lovely pastel shades, compare with the gerbera in daintiness and richness. Will bloom until frost, making wonderful late color effects in the garden. Excel in hardiness, profuseness of bloom and ease of growth. 2 to 2½ ft.

Burgundy. Rich cerise-crimson; double; 2 inches across. October.

Ember. Brilliant glowing bronze—a combination of coral and orange shades. Flowers in mid-October.

King Midas. Charming soft yellow, occasionally tinted with bronze; full double flowers up to 4 inches across. Late September through October. Decorative.

Louise Schling. Bright, glowing salmon-red in color. Strong grower. October.

Mandarin. Coral-salmon, copper and bronzy gold blending in a delightful combination. Flowers 2 inches across. 45c each; 3 for \$1.20.

Pigmy Gold. Golden yellow. Button type.

Roberta Copeland. Raspberry-rose. Strong, erect grower. Large flowers. Early October.

Saladin. Oriental red, shading to coral-red with coppery tones on reverse; 3-inch flowers with four rays of petals, delightfully fragrant.

September Bronze. Warm bronze; Button type. The most colorful early variety to date.

Any of above varieties, except where noted, 3 for \$1.00

NOTE: Orders from this page valued at \$3.00 or more will be sent postpaid. On orders under \$3.00, please add 35c if to be sent postpaid, to help defray expenses in handling and postage.

AZALEA MUM, Pink Cushion

INDIAN SUMMER

Lovely Spoon Mums

A charming and most interesting new type. Petals are tubular for most of their length, but flatten out near the tip like miniature spoons.

Pink Spoon. Large; semi-double; light rose or shell-pink.

White Spoon. Double white flowers with creamy center.

Yellow Spoon. Very lovely double flowers of brilliant yellow color.

Any of above Spoon Mums, 3 for \$1.00

PIGMY GOLD

Barr's GRASS SEED Makes Fine Lawns

Barr's Lawn Grass Seed Mixtures have been designed primarily to produce a lawn that is at once permanent, quick starting, and a good green color. They are guaranteed to be entirely free of Fall or Crab Grass seed. Recleaned by modern machinery, Barr's Lawn Grass Seed Mixtures are free from chaff, which makes these mixtures go twice as far. They test especially high in germination, providing a thick stand from the beginning which is essential in holding weeds in check.

One pound of seed will sow 150 to 200 square feet of lawn. Keep ground constantly moist until grass is well started then water heavily at intervals during dry periods.

BARR'S Sunnyside Lawn Seed Mixture

This is a combination of the most desirable permanent grasses—dwarf, close-growing, fine-leaved—producing a good green lawn even in dry weather. As the chief ingredient of a good lawn is superfine Kentucky Blue Grass there is a larger proportion of this ideal grass in this mixture. No Timothy nor Rye nor coarse-bladed annual grasses are used to cheapen this mixture. It will germinate quickly and provide a neat, permanent lawn. Besides the Kentucky Blue Grass other varieties included are fine-leaved perennial grasses and some Cheiving's Fescue, a higher-priced grass that holds weeds in check much better than other varieties.

Lb. 65c; 5 lbs. \$3.00; 10 lbs. \$5.80; 15 lbs. \$8.45; 25 lbs. \$13.50; 100 lbs. \$50.00, prepaid.

BARR'S Fancy White Dutch Clover

Fancy recleaned seed. Excellent for lawns. Mix 2 to 4 ounces with each pound of above named mixtures if you want Clover on the lawn.

1/4lb. 50c; 1/2lb. 85c; 1lb. \$1.60; 5 lbs. \$7.25

BARR'S Green Mantle Lawn Seed Mixture

This is a splendid mixture of good grasses for average conditions of soil and sunshine. It has a large proportion of Kentucky Blue Grass; also other desirable grasses for a good, quick effect which helps to hold weeds in check. Will give the lawn an enduring velvety, deep green mantle. Very free from weed seeds.

Lb. 45c; 5 lbs. \$2.00; 10 lbs. \$3.90; 25 lbs. \$9.50; 100 lbs. \$37.00, prepaid.

BARR'S Shady Side Lawn Seed Mixture

Composed of shade-loving permanent varieties of fine-leaved grasses—no Timothy nor Ryegrass. Included are fine-leaved perennial grasses, including *Poa trivialis*, which have proved best adapted for situations of a difficult nature due to shade.

Feed lawns under trees heavily three times a year—spring, early summer, and fall. Failure under trees is due more to competition of tree roots than shade. Plenty of feed gives both grass and trees a chance to exist. As a fertilizer we recommend Barr's Special Lawn Fertilizer listed on Page 25.

Lb. 70c; 5 lbs. \$3.35; 10 lbs. \$6.50; 25 lbs. \$14.50; 100 lbs. \$55.00, prepaid.

We Prepay Delivery Charges on All Orders for Barr's Grass Seed

Save CASH and SHIPPING Charges by Ordering at Once
